

TABLE OF CONTENTS

ABOUT THE AUTHORS	VII
PREFACE	IX
ACKNOWLEDGMENTS	X
ABBREVIATIONS AND ACRONYMS	XI
CHAPTER 1 - INTRODUCTION	1
1.1 Paper C	1
1.2 The Maastricht Method	1
1.3 This book	2
CHAPTER 2 - THE THREE MAIN STAGES OF TACKLING PAPER C	3
2.1 The analysis	3
2.2 Selecting the attacks	3
2.3 Formulating the attacks	4
CHAPTER 3 - THE ANALYSIS - GENERAL ISSUES	7
3.1 Warning: keep thinking!	7
3.2 Accuracy	7
3.3 Philosophy of the Maastricht Method	7
3.4 Steps in the analysis	8
CHAPTER 4 - STEP 1 OF THE ANALYSIS - OPPONENT'S LETTER	9
4.1 Goal	9
4.2 Formal requirements	9
4.3 Information for solving the case	9
4.4 Action: read the Opponent's letter	11
4.5 Action: getting the formalities done: fill out form 2300	12
4.6 Intervention	14
CHAPTER 5 - STEP 3 OF THE ANALYSIS - THE PATENT TO BE ATTACKED	17
5.1 Action: note the date(s)	17
5.2 Action: read the claims and divide them into features	17
5.3 Action: prepare the simplified novelty matrix	19
5.4 About reading the description of Annex 1	20
5.5 Information in the description of Annex 1	21
5.6 Action: read the description of the patent to be attacked	21
CHAPTER 6 - STEP 3 OF THE ANALYSIS - EFFECTIVE DATES	23
6.1 The easy case: patent to be attacked does not claim priority	23
6.1.1 Action: write a paragraph about effective dates in your answer	23
6.2 Patent to be attacked claims priority	24
6.2.1 Action: write a paragraph about effective dates in your answer	25

CHAPTER 7 - STEP 4 OF THE ANALYSIS - PRIOR ART	27
7.1 Where are we?	27
7.2 Action: note the date(s) of Annex 2 and determine type of prior art	27
7.3 Action: read Annex 2	28
7.4 Action: take a moment to reflect on Annex 2	29
7.5 Have you spotted a strong novelty attack on one or more claims based on Annex 2?	29
7.6 The other Annexes	29
CHAPTER 8 - SELECTING THE ATTACKS	31
8.1 Where are we?	31
8.2 Types of attacks	31
8.2.1 Attacks under Article 100(a) EPC	31
8.2.2 Attacks under Article 100(c) EPC	33
8.2.3 Priority	33
8.2.4 Summary: which types of attacks?	34
8.3 Why do I have to select attacks?	34
8.4 How many attacks per claim?	34
8.5 How to identify a strong attack	35
8.6 Action: organize your paperwork	36
8.7 Action: identify possible attacks on claim 1	37
8.8 Action: identify possible attacks on other claims and description	38
8.9 Action: making your choice	39
CHAPTER 9 - WRITING YOUR ANSWER - GENERAL	41
9.1 Where are we?	41
9.2 Structure of the arguments	41
9.3 The answers in the Examiners' Report in the Compendium	42
9.4 Explain, explain, explain	42
9.5 General rules for formulating the attacks	45
CHAPTER 10 - WRITING YOUR ANSWER - EFFECTIVE DATES AND PRIOR ART	47
10.1 A separate paragraph about effective dates?	47
10.2 Formulation: effective date of claim	47
10.3 What to say about priority in your answer?	48
10.4 Beware: claims that contain added subject-matter	49
10.5 Prior art	49
CHAPTER 11 - WRITING YOUR ANSWER - ATTACK FOR ADDED SUBJECT-MATTER	51
11.1 Elements in the attack	51
11.2 What is the subject-matter of the patent?	51
11.3 What is the content of the (earlier) application?	51
11.4 What's the difference between the two?	52
11.5 Why does the difference result in extension of subject-matter?	52
11.6 Example of an attack for added subject-matter	53
11.7 Added subject-matter: not just the claims	53

CHAPTER 12 - WRITING YOUR ANSWER - ATTACK FOR LACK OF NOVELTY	55
12.1 Elements in the attack	55
12.2 Prior art pursuant to Article 54(2) EPC	55
12.3 Effective date of the claim under attack	55
12.4 Available to the public?	56
12.5 Publication date of prior art	56
12.6 Drawing your conclusion	56
12.7 Prior art pursuant to Article 54(3) EPC	57
12.8 Demonstrating that a document is prior art pursuant to Article 54(3) EPC	58
12.9 Demonstrate that all features are present in the prior art	58
12.10 Basic structure of a novelty attack	59
CHAPTER 13 - WRITING YOUR ANSWER - ATTACK FOR LACK OF INVENTIVE STEP	63
13.1 Introduction	63
13.2 Overview of the problem-and-solution approach	63
13.3 Prior Art pursuant to Article 54(2) EPC	64
13.4 Closest prior art	64
13.5 Indication of the common features	66
13.6 Indication of the distinguishing features	67
13.7 Technical effect of distinguishing feature	67
13.8 Objective technical problem	68
13.9 Incentive to turn to the secondary document	69
13.10 Relevant features of secondary document	69
13.11 Incentive to implement the features disclosed in the secondary document in the closest prior art	70
13.12 Result of the combination?	70
13.13 Any loose ends?	71
13.14 Draw your conclusion	71
CHAPTER 14 - WRITING YOUR ANSWER - SPECIAL ATTACKS	73
14.1 Special attacks	73
14.2 General - legal aspects in an attack	73
14.3 Claims with optional features, "or"-claims	74
14.3.1 Claims containing the word "or"	74
14.3.2 Claims containing the words "and/or"	75
14.3.3 Claims containing a word like "preferably", "optionally", "for example", "e.g.", "in particular"	75
14.4 Inventive step attack with multiple distinguishing features	76
14.5 Product-by-process claims	77
14.6 Claims with a mix of technical and non-technical features	78
14.7 Selection inventions, ranges and lists	79
14.8 Non-patentable subject-matter	80
14.9 Claims containing a disclaimer	81
14.9.1 Disclaimer present in the application as filed	81
14.9.2 Disclaimer added during examination, disclaiming a particular embodiment	81

14.9.3 Undisclosed disclaimer	82
REFERENCE TO LEGAL ISSUES RELEVANT FOR PAPER C	85
TABLES OF LEGISLATION AND DECISIONS	89
EPC Articles	89
EPC Implementing Regulations	89
G Decisions/Opinions	89
J Decisions	90
T Decisions	90
KEYWORD INDEX	91
ANALYSIS AND SOLUTION OF THE EQE 2015 C PAPER USING THE MAASTRICHT METHOD	97
